

2017 Fall Recreational Program

\$225, plus HST, includes a T-shirt

**REGISTRATION IS
SEPTEMBER 5-7
5:30-8:30PM**

Recreational teams are designed to offer participants an opportunity to gain skills and work in a team environment without the stress of competition. There are no requirements for apparel, travel, choreography, music, or competition fees. Rec team members pay for a session and may decide to continue or not at the end of each session. There is no annual commitment for rec athletes. Rec athletes will learn the basics in cheerleading such as jumps, tumbling, stunts, dance and teamwork.

To register for the rec program, simply complete this form along with a waiver, and submit along with your full payment. After your second practice, there are no refunds if you decide to drop the program. Payment must be made in full at the time you register. Pro-rated fees for late registrations may apply.

When you register for a team, you should attend the same class for the entire session. Please only attend other classes throughout the week if you need to make up a class. We will choreograph the athletes in the same class and they will perform for their parents at the end of the session.
